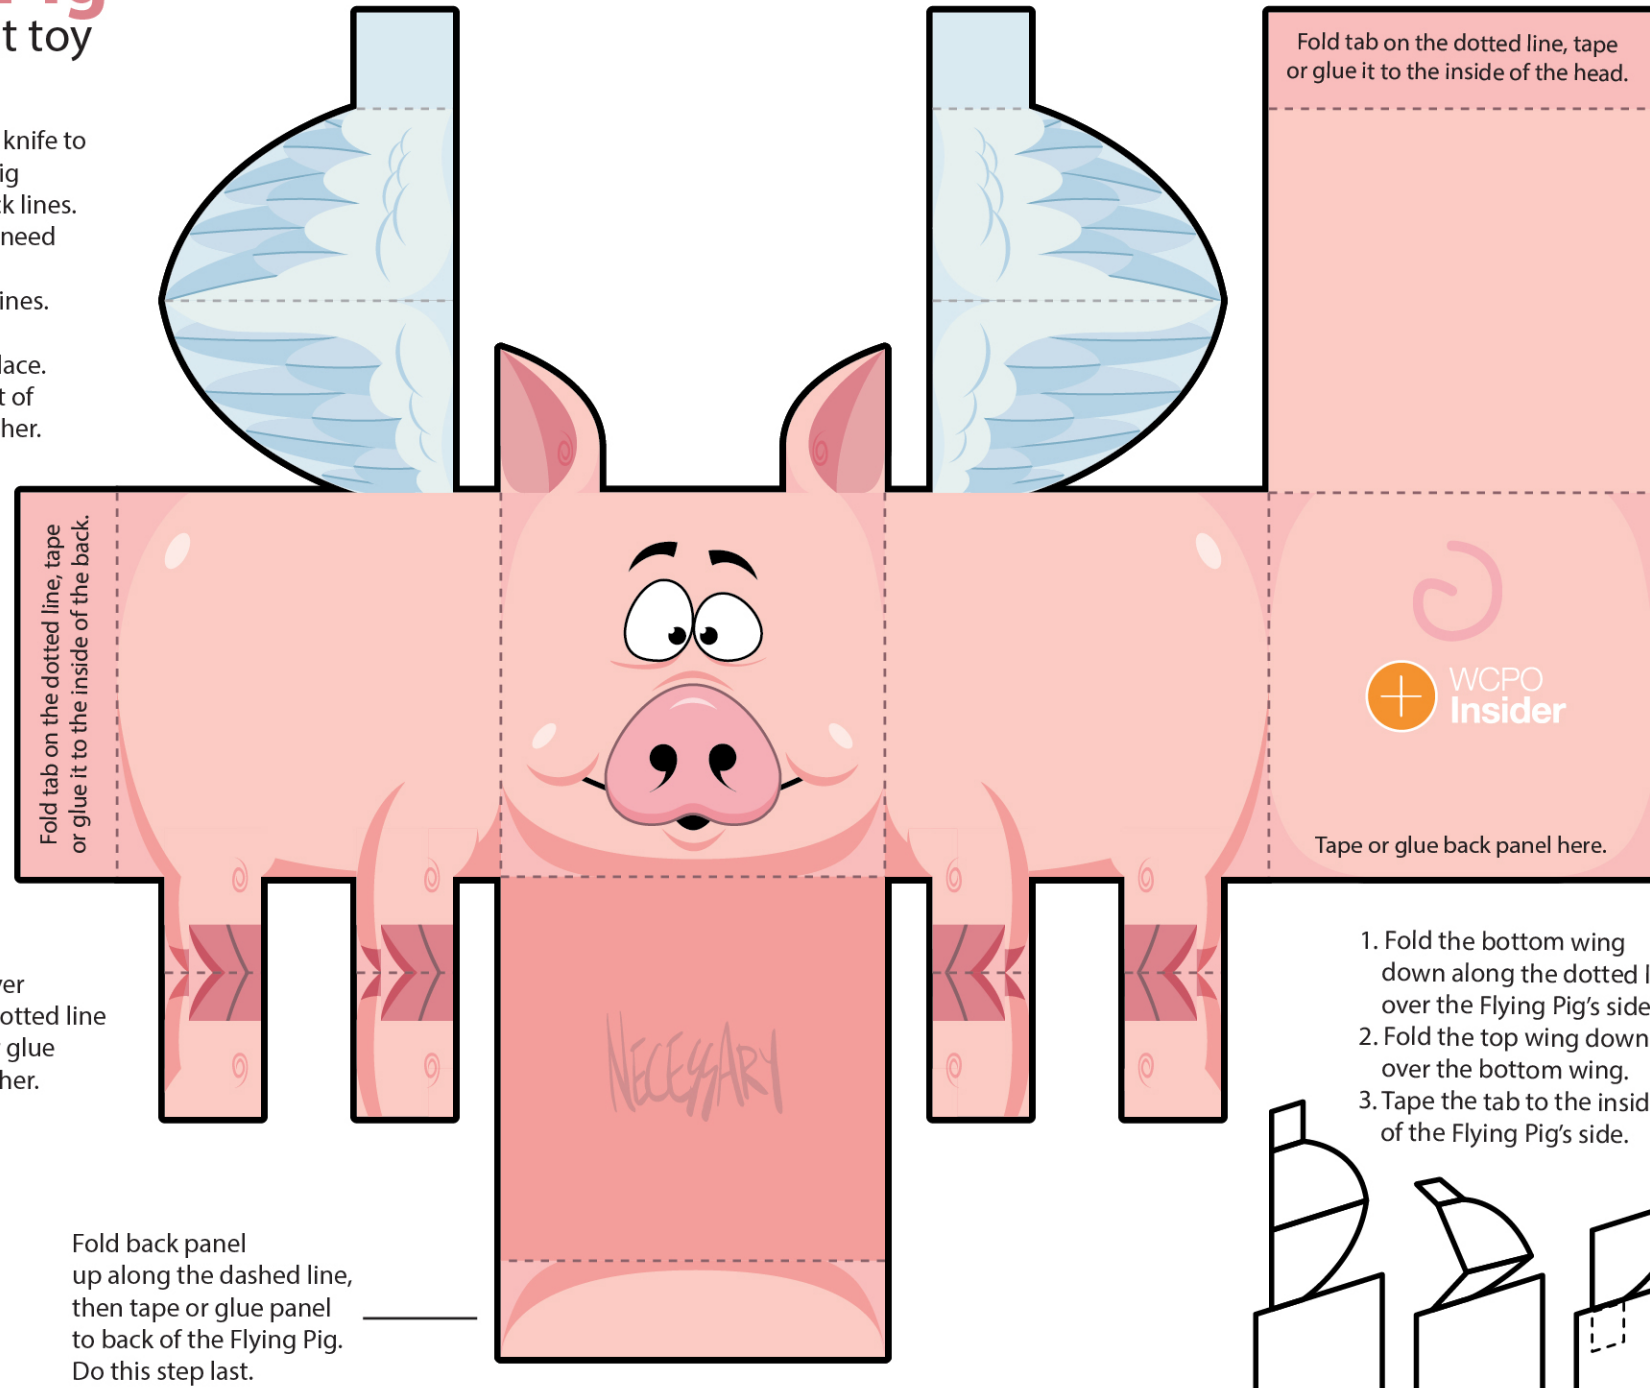
Flying Pig
paper cutout toy

INSTRUCTIONS:

1. Use scissors or craft knife to cut out the Flying Pig along the thick black lines. (Ask an adult if you need help cutting.)
2. Fold along dashed lines.
3. Tape or glue the wings and legs in place.
4. Tape or glue the rest of the Flying Pig together.



Fold feet over along the dotted line and tape or glue them together.

Fold back panel up along the dashed line, then tape or glue panel to back of the Flying Pig. Do this step last.

1. Fold the bottom wing down along the dotted line over the Flying Pig's side.
2. Fold the top wing down over the bottom wing.
3. Tape the tab to the inside of the Flying Pig's side.
